

#### SCHUYLKILL RIVER TRAIL

FEASIBILITY STUDY
Survey

MARCH 2, 2022

### HELP US FIND THE BEST ROUTE FOR THE SCHUYLKILL RIVER TRAIL!

The Schuylkill River Trail is a regional trail used by bicyclists, walkers, commuters, and families. When fully built, it will travel 120 miles from Philadelphia to Frackville in Schuylkill County. The SRT is almost complete from Philadelphia to Reading. Between Reading and Hamburg in Berks County there are large gaps in the trail. In Birdsboro and Robeson Twp. there is a gap in the off-road trail. This Feasibility Study will determine the best route for the Schuylkill River Trail in these areas.

We are collecting voluntary information from residents, businesses, and organizations to help us better understand the area where the trail will be built. We would also like to learn how people are using the existing Schuylkill River Trail and how people would like to use the trail in the future. We will use this information to direct our work and be more inclusive.
